Dear Occupier

Marshall's Road: temporary lane closures planned from 9 January 2017

I am writing to let you know that we are planning some temporary lane closures on Marshall's Road to enable us to install a toilet facility for bus drivers, near bus stop X.

The new toilet facility will be connected to the public sewer, with running water and electricity. During the works, a series of temporary traffic management measures will be needed. You will find more details below.

Temporary lane closures and parking suspensions on Marshall's Road

The works are planned from 08:00 until 17:00 on Mondays to Fridays between 9 January and mid-February. Some temporary traffic management changes will apply as a result:

- Access will be maintained, although lane closures will be in place on Marshall's road for the first two weeks of the works while we connect the utilities
- The disabled parking bays outside property numbers 4 to 6 Marshall's road will also be suspended for the duration of the works. The suspensions will be clearly signed, so if you use these parking bays, please move your vehicle before they come into effect.

For live road travel updates please visit tfl.gov.uk/trafficnews or follow [@TfLTrafficNews](https://twitter.com/TfLTrafficNews) on Twitter

Bus passengers

Bus stops D and X (Sutton/Marshall's Road) which serve routes 154, 407 and S4, will be temporarily closed for the duration of the works. For further details, please see signage displayed at local bus stops. The latest bus service information is available from tfl.gov.uk/bus/status or [@TfLBusAlerts](https://twitter.com/TfLBusAlerts) on Twitter.

Pedestrians

Footways will remain open, wherever possible, although some temporary closures may apply. Any closures will be clearly signed and pedestrian access to properties will not be affected.

Working hours

The working hours outlined above have been agreed with the London Borough of Sutton. Some works may also take place at weekends to allow us to complete the project as quickly as possible.

We apologise in advance for the inconvenience and thank you for your patience while these improvements are completed.

Find out more

This work forms part of Transport for London's Road Modernisation Plan, the largest investment in London's roads for a generation. Visit tfl.gov.uk/roads for more information about the Plan.

Should you have any questions or concerns about the works, please contact us using the details at the top of this letter.

Yours faithfully

Stefan Grabowski
